

AS-TIGP Research Performance Fellowship Program

Recommendation – 1: (from Advisor)

Examples (please delete the examples when finished):

1. Please choose the applicant's role(s) in this thesis research.
 - 1) A doer, who is good at laboratory skills and completes the adviser's requested experiments with appropriate controls (the applicant knows the controls needed to reach a conclusion).
 - 2) A critic, who can critically evaluate his/her own data and draw scientific conclusions.
 - 3) A thinker, who contributes and validates his/her own research ideas.
 - 4) A diligent worker, who spends more time in the lab trying advisor's assignments and his/her own ideas.

2. Please choose your attitude in writing this letter.
 - 1) highly enthusiastic, 2) enthusiastic, 3) supportive

In the letter of recommendation, please clearly state why you think that the applicant's research progress and his/her research attitude and potential are better than those of his/her peers.

AS-TIGP Research Performance Fellowship Program

Recommendation – 2
